

For every reason and in every season shop Island Breeze!

We at Island Breeze are excited to invite you to be a part of a fundraiser for:

Widow's Mite Experience

Taking Water & the Word to the nations.

On Monday, November 7, 2016 from 10:00 a.m. until 6:00 p.m.

Please set aside this day for shopping! Invite your family, friends, neighbors, club and/or church members and anyone else you meet and have them spread the word to their friends and family. Christmas is just around the corner, so it's a great time to buy gifts or just pamper yourself.

A portion of all sales from this day will be contributed to a local charity, Widow's Mite Experience. They will forward ALL proceeds for disaster water relief to our neighbors here in North Carolina following the devastation of Hurricane Matthew.

Don't forget – mark your calendars and get the word out. We look forward to seeing you on **Monday, November 7th**. Let's shop 'til we drop for a worthwhile cause!

Widow's Mite Experience is a women's ministry that raises funds to send clean water and the Word to women and children worldwide. To date, with events like the one noted above, they have raised over 3 million dollars to fund over 1300 wells, thousands of backpacks and hundreds of water projects. Your shopping spree will enable them to do even more!

Thank you for your support!
